13 al.,

14 Defendants.

ORDER

15 On October 21, 2025, the Court stayed the deadlines this in case in light of the
16 lapse of appropriations to Executive agencies, including the Department of Justice and
17 the Fish and Wildlife Service. *See* Doc. 63. The Court ordered the parties to file a status
18 report within 10 days of appropriations being restored proposing revised deadlines for (1)
19 Plaintiff to file a motion for attorneys' fees and expenses and (2) the Fish and Wildlife
20 Service to provide a status update consistent with the Court's March 12, 2025 Order.

21 The Joint Status Report (Doc. 64) proposes a deadline of **January 23, 2026** for
22 Plaintiff to file a motion for attorneys' fees and expenses. The parties further propose a
23 deadline of **December 22, 2025**, and every 180 days thereafter until the Fish and Wildlife
24 Service completes consultations and issues Biological Opinions on the remaining
25 pesticides at issue, to provide a status update consistent with the Court's March 12, 2025
26 Order. Upon consideration, and good cause appearing, the Court will adopt the proposed
27 deadlines.
